THE INDUSTRIOUS SERIES INDUSTRIAL ANTI-SLIP VINYL TILE

EVO LAYERING TECHNOLOGY

- DUAL CLEAR COATING OF MICRO-REINFORCED POLYMERS WITH ANTI-SLIP FEATURE
- VISUAL LAYER WITH CONCEALING PATTERN
- ACOUSTICAL PERFORMANCE LAYER
- STABILIZING PERFORMANCE LAYER
- ANTI-CURLING PERFORMANCE LAYER

Industrious Vinyl Tile (IND)® combines the toughness needed for high-traffic commercial areas with the stability required for anti-slip flooring. Engineered to meet R11 anti-slip standards, Industrious tiles perform well in spaces prone to water or moisture and can cater to the needs of older adults, children, or people with mobility challenges. IND tiles offer a balanced blend of durability, exceptional thermal insulation, and acoustic properties in a true 5mm tile.
