

AVT

ACOUSTICAL VINYL TILE
HIGH-PERFORMANCE
LUXURY STONE DESIGNS

EVO LAYERING TECHNOLOGY

- DUAL CLEAR COATING OF MICRO-REINFORCED POLYMERS
- VISUAL LAYER WITH HIGH-DEFINITION DESIGN
- ACOUSTICAL PERFORMANCE LAYER
- STABILIZING PERFORMANCE LAYER
- ANTI-CURLING PERFORMANCE LAYER

Acoustical Vinyl Tile (AVT)® is designed to withstand heavy foot traffic, scratches, and stains while providing comfort underfoot and excellent sound absorption and insulation. Its dual ceramic bead finish ensures exceptional protection for high-demand environments requiring easy maintenance. The embossed textures give AVT a natural feel and accentuates its sharp, vibrant natural stone designs.

PRODUCT HIGHLIGHTS

12" X 24" Tile

5.0mm Thickness

20mil Wear Layer

Waterproof

Glue Down or Free Lay

No-Wax Maintenance

FloorScore® Certified

EPD Verified

20-Year Commercial Warranty

With a true overall thickness of 5.0 mm, AVT is an ideal choice for a durable floor offering maximum stability and consistency. Engineered to prevent shrinking and gapping while maintaining exceptional squareness and straightness, AVT allows for easy, worry-free installation, even with a free-lay method.

Pair AVT with our 5.0 mm Industrious Vinyl Tile (IND®) for customized, dynamic shaped designs or seamless inlaid logos.
